

Intercom Solution

All for Better Communication

Overview

All for Better Communication

Convenience

- Video call with visitors anywhere
- Unlock the door on the mobile phone
- Two optional modes:
 - Forward the call to mobile device if nobody answers
 - Simultaneously ring on monitors and mobile devices

All for Better Communication

Security: Always Home

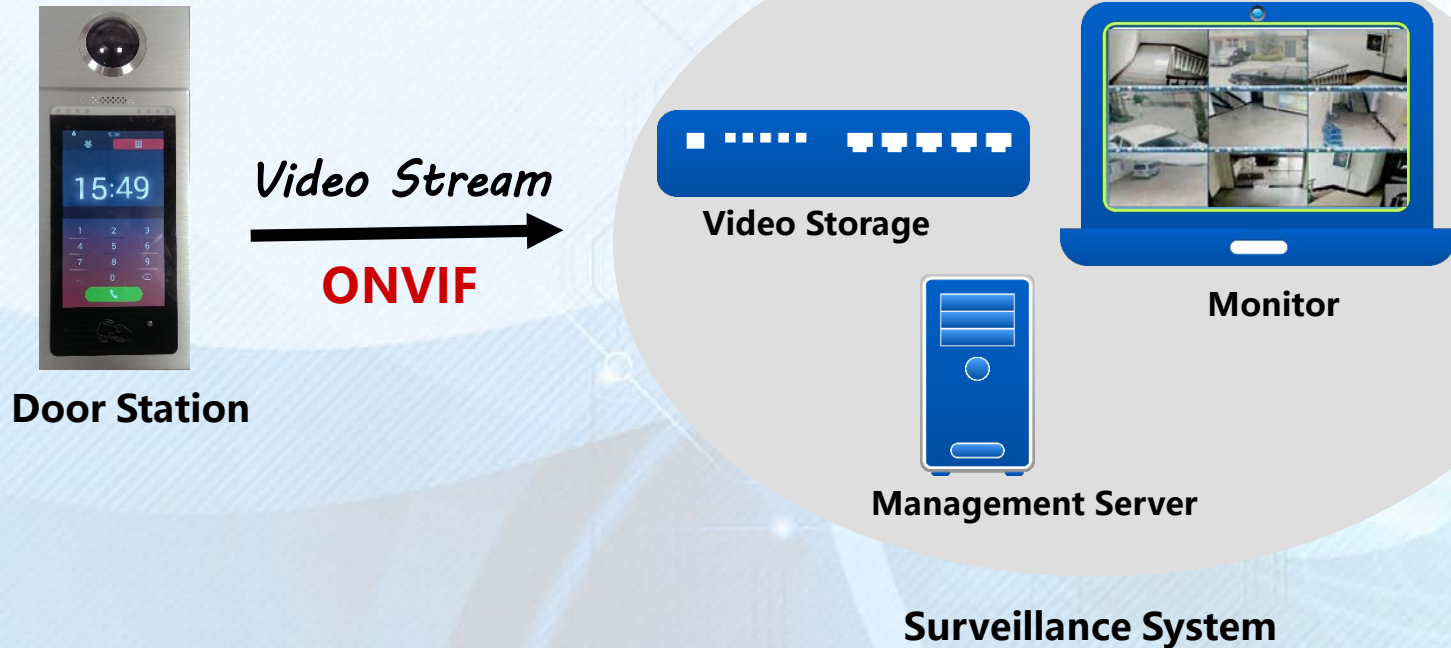

- Notifications when someone is detected on your property and lets you see and speak with anyone at the front door

All for Better Communication

Integration with Any Surveillance System

- Door Stations support the ONVIF protocol, which allows surveillance systems to get a live feed and allows for recording
